Cuptor de sinterizare **BSM-S30**

BSM 贝施美
BESMILE
科技 缔造 美丽 笑容

- Numar maxim de unitati ≥ 80
- Rata de incalzire: $\leq 10^\circ/\text{min}$
- Peste 100 de programe de sinterizare stocate
- Tije din disilicat de molibden de inalta puritate
- Materiale ce asigura izolatia termica de inalta calitate
- Ecran tactil, true color 7"
- 4 elemente de incalzire pozitionate in forma de U
- PID - Control "inteligent" al temperaturii

capacitate mare

fara poluare

control precis
al temperaturii

usor de folosit

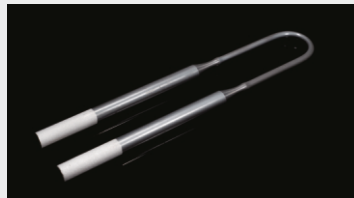

nivel redus
de zgomot

[Date Tehnice]

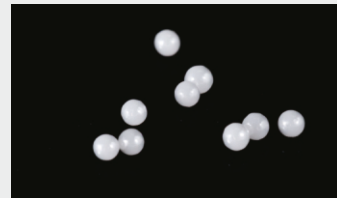

Dimensiuni (W.D.H)	400*590*870 mm
Spatiu sinterizare	Φ 110 mm*90 mm
Numarul de elemente de incalzire	4
Elemente de incalzire	Tije din disilicat de molibden de inalta puritate
Alimentare	220V/50Hz
Temperatura de lucru	$\leq 1600^\circ\text{C}$
Cel mai scurt timp de sinterizare	3 ore (timpul de racire inclus)
Tip ecran	ecran color tactil 7"
Greutate	85 kg
Senzor	Termocupla tip B de inalta precizie
Precizia temperaturii de control	$\pm 3^\circ\text{C}$
Rata de incalzire	$\leq 10^\circ\text{C}/\text{min}$
Putere	3 kW
Tip de incalzire	Standard

Tava sinterizare

Tije sinterizare forma U

Boabe de zirconiu pur
